- React
- Redux
- HTML | CSS | SASS
- Semantic | Materialize
- Git
- Axios | AJAX
- SQL | PostgreSQL
- Node.js
- Webpack
- Attention to detail
- Excellent organization and time management skills

Projects

Enterprise International (Fall 2018)

Designed and collaborated with a team of five to create a travel website for Enterprise International using React front end and Rails back end. Highlights of my contributions include creating and designing the navbar and footer, filtering reviews, using rails mailer to send welcome email upon registration, and using Braintree to manage payments. <https://dps-enterprise-international.herokuapp.com>

Woodland Resources Unlimited (October 2018 - Current)

Currently working on a website for Woodland Resources Unlimited using HTML and CSS. This website will showcase the services offered and eventually allow clients to contact the company and request a service. <https://github.com/rachelinkala/Woodland-Resources-Unlimited>

Professional Experience

Secondary Math Teacher (2017-2018)

Parkway Montessori Middle School, Saint Paul, MN

- Applied a backward design to plan units with big ideas down to the details
- Collaborated with colleagues to plan instruction, events, and share resources
- Implemented technology in daily instruction to engage all learners
- Conducted parent conferences and led team meetings
- Used strong communication skills to make instruction clear and engaging

Elementary Teacher (2016-2017)

Red Pine Elementary, Eagan, MN

- Created worksheets, projects, math learning games, and smart board interactive lessons
- Promoted critical thinking by asking questions to guide students in their learning
- Applied technology to create video lessons as an online resource for homework help
- Implemented technology as part of a beta classroom using: google classroom, CK-12, IXL, Edpuzzle, Kahoot, Quizlet, and Prodigy
- Conducted parent conferences and participated in IEP meetings and math leadership meetings

Education

The University of Utah, Salt Lake City, Utah

Full-time Web Development Certificate, DevPoint Labs

Bachelor of Science, Teaching

Winona State University, Winona, MN

Elementary Education (K-6) and Middle Level Mathematics (5-8)

Cumulative GPA: 3.84- Magna Cum Laude
